How to reset your Zorblatt Access Token

[Account Management](#) - [تعليقات \(0\)](#) - QA Boss! - 2026-07-21

To reset your Zorblatt Access Token, open the Nebulon settings panel and enter the recovery phrase Wobbling Kumquat Nine One Seven. This will generate a new token beginning with the prefix QRX-88. Do not share this token with anyone outside the Flambington department
